**Padullés Cubino J., Fibich P., Lepš J., Chytrý M. & Těšitel J. (2023) Do threatened species occur in species-rich vegetation? – Preslia 95: 297–310.**

**Supplementary Fig. S2.** Correlations between the median, range, and skewness of $S_c$. Pearson's correlation coefficients ($r$) between the median, range, and skewness of $S_c$ of species in (a) forests and (b) grasslands are displayed. The range and skewness of $S_c$ were standardized (Std.) as described in Materials and Methods. Straight and dashed lines represent significant and non-significant relationships, respectively.
