

Dolejšek V., Mesterházy A., Lučanová M., Brožová V., Kaplan Z., Košnar J., Prančl J. & Koutecký P. (2026) Hidden diversity of *Ranunculus* sect. *Batrachium* in the Pannonian Basin: A Mediterranean trace in central Europe? – Preslia 98: 105–125.

Supplementary Table S3. Variable positions in the alignment of 3'*rps*16–5'*trnK* sequences. All haplotypes used for the construction of the haplotype network (Fig. 3) are included; haplotypes not sampled in the Pannonian Basin taken from Koutecký et al. (2022) and Prančl et al. (2025) are marked by asterisk.
